

REMOTE LEARNING ESSENTIALS

Check your email

Monitor your [MU email account](#) for important information from administration and communication from faculty and staff.

Prepare for remote learning

Ensure that devices used for classes are up to date, including web browsers and other software used for remote learning.

Minimize distractions

Regardless of where you choose to work, consider turning your cell phone off to avoid losing focus every time a text message or notification pops up.

Actively participate

Participate in online course forums/discussions to help you better understand course materials and engage with fellow classmates.

Use your resources

Advisors will be holding appointments remotely beginning March 16. Schedule appointments with your advisors through MU Connect.

Monitor alerts

For more information about the virus, actions you can take to keep yourself healthy and what MU is doing to prevent the spread of illness, please visit the MU Alert website.

Really, check your email

Now more than ever it is essential to check your MU email for campus updates and correspondence.
